Dear Members,

It is with a great sense of elation, enthusiasm and energy, we celebrate the 14th Annual TRICIA festival. Our country of birth is the mother of all "festivals". Our elders have imbibed in us the value of hard work and the subsequent reward of enjoying the fruits of our labor. We carry this legacy in our country of adoption and inculcate in our progeny that the land that gave "zero" will also make you a "hero" provided you commit to a culture of devotion, dedication and discipline in achieving virtuous goals.

In any community streams of emotion, rivers of passion and oceans of opinions will collide and conflict from time to time. However, those who survive and dodge the cruel waves of negativity endure and shine as examples of character and culture. In the past year our organization navigated few ice-bergs and came through successfully sailing through a fog of adversity.

We are now on course towards horizons of unity in diversity. At TRICIA we welcome all shades of thoughts and firmly believe that democratic norms must prevail. Our organization is casteless, classless and restless.....restless in search of activities and programs conducive to the growth of our men, women and children. Your team of Executive Members and Board Directors are sketching plans and designing programs that will propel TRICIA to a new level of excellence. In the service of community there is no difference between a victor and vanquished. Leaders are expected to ignite and unite the community towards a fountain of peace and tranquility.

And as the Rigveda says, "Arise, awake and rest not till your goal is achieved."

Guryam Singh  
President

M.A. Waheed  
Board Chair

## My vision for TRICIA

The Tricity India Association here after called TRICIA, a secular organization here after called TRICIA took birth in year 1970 and forty Presidents and forty Chairs of the Board of Directors have served the TRICIA and in turn the community. The religious, linguistic, regional and racial patriotisms have coexisted in India, the largest secular democracy, the country origin and in America the strongest secular democracy now the country of adoption. TRICIA has had Constituion since inception. Tricia went through some turmoil and Constituion was upheld and Elections were held and New Executive Committee and Board of Directors were elected and took office. Our Community is steadily growing as also membership and the number of activities, some Annual and some not annual. Annual functions include 1. Republic Day 2. Member Appreciation Day 3. Spring Festival 4. Independence Day and 5. Annual Dinner. The Spring Festival is the backbone of Annual events, raising most of the funds needed for Tricia expenses. My vision for Tricia is most of the functions should be Revenue Positive or atleast neutral for the reasons mentioned later in this paper.

There are several what I may call connected branches of Tricia carrying on different programs.

TYO : Tricia Youth Organization which was formed with the support of parents. They do conduct various activities for competitions, sports and games. My vision for TYO is to prepare our youth for academic exacellance, learn and spread Indian cultural and social values, create good will for India in the local communities at large. They should be given opportunities to learn Indian History and languages.

Tricia Support Group: Serves our community providing help and assistance to persons and families with social, medical and personal problems maintaining confidentiality. Educate our community members through seminars and discussions to maintain good health, avoid physical abuse and maintain and practice good spousal relationships.

We should have contingency fund to help Natural and Man made Disasters here and India, this is best done in cooperation with other local communities. We should also participate in helping high profile events like Thanksgiving dinner events and do our best to create good feelings for Indian Community among the local population.

We should create a Public Relation Committee (Tax exempt organizations may not be allowed to have Political Action Committee) to meet, inform and educate India's

positions on various issues. We could pursue to issue a Postal Stamp depicting celebration of Deepavali Festival of Lights. One in memory Mahatma Gandhi the like of whom walks on earth once every Thousand Years. There are Stamps issued in celebration of other festivals and in memory of other international figures. Several National organizations are pursuing these projects. We should periodically invite Politicians and ask them to support India's position to become a Permanent Member of the U N Security Council.

We should explore and see how we can help and participate Sixty plus group and Senior citizens.

TRICIA has been in existence for over forty years but has no residence of its own. Monthly Meetings were held in the past in some motel rooms until recently and now at HCC. Planning committee meetings are held at a friend's office or a hotel or somebody's house. We have no file cabinet or place to permanently store our records, check books, receipt books or computer etc. They get moved from one Treasurer's basement to another. It is time for us to form a long range planning committee consisting of interested members of Exec. Com., Board of Directors and members at large and entrust them with the responsibility of finding house for TRICIA so we can have a permanent residence for meetings and storage our records etc. for once we can fly Indian Flag side by side American Flag on a Building not just on a Flier. Small programs can be held with food of choice and drinks of choice. This will be a compliment and not a competitor for HCC and other Temples and Gurudwaras. For a community of our size we are blessed with three temples, two gurudwaras. Ofcourse we have several Churches and Mosques and different denomination community centers. Is it too much to ask the community for TRICIA Residence? Constituion allows to call for General Body meeting by mail or email get the input and support. Momentum should be built now and meeting should be called after the Spring Festival.

We have \$270,000 + in the bank and hopefully we are not far away from having a Tricia House that could become Historic Landmark for our community in the Cultural and Social Lndscape of the Capital District. Thank you and may God bless us all.

Gattu N RaoMD

## **Dr,Anandi Joshi 1865-1887**

### **First woman Doctor in Western Medicine.**

This is a unique story of hope, courage tenacity and grace. This is a true story of a young Indian woman who should be aspiration to all young boys and girls as well as men and women of today. This is how it happened.

March 11,1886 was the year when. Anandi Joshi, a 21 old year woman from India was awarded the medical degree in western medicine in America. She was the first Indian lady to achieve this honor.

In 1886, India was under the British rule and neither men nor women were living in freedom. When people are afraid, the rigidity of traditions take roots by going deeper in human societies and their psyche. They stick to their traditions forcefully which then becomes a blind faith. Men don't have any power and women become victims of such societies.

In the 19th century, women in India were oppressed by the systems created by people's rigidity.. Women were not allowed to attend schools. Early child marriages was the rule of the social structure. Girls usually got married between the ages of 8 and 12 years. The age difference between girls and men, was often 10 to 20 years. If the girl's family was poor, it was even harder for parents to find a groom. Second and third marriages for men were common

occurrences since wives died at an early age during childbirths for the lack of medical care. a lack of medical care. Most men married young girls. Widows were shunned and were not treated human way. Also they could not remarry as men did.

Let's consider Anandi Joshi's achievement with this back drop. She was born in Pune, India in a poor Brahmin Joshi family in year 1862. Her maiden name was Yamuna Joshi. She knew how to read Sanskrit and Marathi. Her parents were very much worried since she was still unmarried at age 11. They found a widower who was 20 years older than her, whose name was Gopal Joshi. At age 14,she gave a birth to her son who died in few days. Child mortality and young women dying during childbirth was nothing new then. Her story after her new born son's death took fascinating turn.

Her husband had high aspirations but did not have capabilities to achieve those goals. He started teaching English to his wife and saw lot of potential in her. He somehow decided to fulfill his own aspiration through her by sending her to America to earn a medical degree in western medicine. In those days there was a taboo for anyone to leave the country and go abroad. So one can imagine what a stir it must have caused to his countrymen to see Gopal Joshi wanting to send his wife alone abroad to be educated. He wrote in a magazine named Mission Review about the need for

women doctors in India without converting them into Christianity. This

article was noticed by Reverend Dr. R. G. Wilder. In spite of intense protest from her community, she was offered scholarship to travel to America and Lady named Mrs. Carpenter opened her house in NJ for her.

Anandi Joshi arrived in Ellis Island on June 4,1883,was received by Carpenter family. Anandi was wearing a nine yard sari and Chappals. She never changed her Indian attire in college even under bitter cold weather. Even though she was away from India, she followed all the rules and expectations and he had many, demanded by her husband in India. He controlled her every day life in America from India.

She was the first Indian woman to attend the women's college in Pennsylvania(Medical college of Pennsylvania and Hahnemann University school of Medicine). Her intelligence and passion to be a Physician was admired and recognized by Rachael Bodly, Dean of women's medical school and Anandi was offered a financial package by the college. Anadi's 50 pages long thesis on"ObstreticsAmomg the Aryan Hindu" was accepted and medical degree was

awarded to her on March 11,1886.Even Queen Victoria sent har a congratulatory note.

Dr. Anani Joshi was returning to India by boat to resume her position as a physician in charge in a women ward in a city named Kolhapur in Maharashtra. Unfortunately, she got very sick with tuberculosis . She returned to India but did not recuperate from TB. She died in Feb. 26,1887. Her ashes are in Poughkeepsie in NY state in a burial ground of the Carpenter family. They were her family while she was in America who loved her dearly.

She had a great passion to help children and women of India, Although she died too soon to achieve her goals Anandi was a pioneer in the field. She has been a great inspiration for women doctors all over the world and especially for women in India who want to be physicians. She paved the path for today's physicians. Anandi succeeded against all odds: weather, opposition of her community and blind traditions. We as Indians are standing on shoulders of our past generations with gratitude.

our differences.**

### The Guru Nanak

Our Sikh Gurus have shown us an "akhand path" of peace and tranquility. We took the first step to establish the first Gurudwara of Nanak Darbar of Albany, NY over a picturesque 2.5 acres of land for our community. Easy access from Montreal, New York City, Syracuse, New Jersey, Vermont and Boston.

GND inspires our future generation by conducting Divans on Gurbani, teaching of Punjabi language and the value of Langar. Coaches them to balance roti and ravioli and learn gurmata and grammar at the same time. So that they are Americans and Sikhs of great character.

## Battu's Flashback

In 1977 Dr. Kishan Battu our past President reminisces the cultural event that the Indian community of Capital District celebrated at the Empire State Plaza attended by around 5000 people. Thus sowing a seed that has now bloomed into a full-blown flower called Spring Festival. The then stalwarts Pratap Narasu, Dr. K.R. Shanker, Shanti Shanker, Khurshid, Vijaya Krishnappa, Satyan Das and Dr. Krishna Battu got Air-India and the ITDC involved to make this event a memorable benchmark. Lt. Governor Maryann Krupsth graced the occasion and commemorated the ethnicity of our community.

Dr. Battu is the architect of a charitable trust "Nanhe-Munhe" he launched in 1973. Hailing from Hyderabad as a proud Indian he is an active participant in our social and religious activities in the Capital region.

STATE OF NEW YORK  
OFFICE OF THE LIEUTENANT GOVERNOR  
ALBANY 12224

MARY ANNE KRUPSAK  
LIEUTENANT GOVERNOR

June 9, 1977

Dr. Kishan Baltu  
22-24th St.  
Troy, New York 12180

Dear Dr. Baltu:

I am pleased to send the enclosed photograph taken recently at the Indian festival held at the Empire State Plaza. You may enjoy keeping it as a memento of a most pleasant event.

I was delighted to have had the opportunity to share the festivities with you and the other guests and look forward to your next festival.

Sincerely,

A handwritten signature in cursive script, appearing to read "Mary Anne Krupsak".

*Pictured from left: Javid Saifi, MD, Chief of Cardiac Surgery; Alexandros N. Karavas, MD; Niloo Edwards, MD, Chief of Cardiac and Vascular Services at St. Peter's Hospital; and Christopher Terrien, MD.*

## Meet Our World Class Team of Heart Surgeons

We're dedicated to offering the best in heart care. In fact, our program has been recognized as a Top 100 Cardiovascular Hospital 10 times – the only ten-time recipient of this award in the northeastern U.S.

Such accomplishments underscore our commitment to delivering the best possible care to our patients.

Now with our new cardiovascular surgery facilities, we have one of the nation's most advanced surgical environments for those with complex heart and vascular disease.

Our program is led by an experienced team of surgeons including: Niloo Edwards, MD, Chief of Cardiac and Vascular Services at St. Peter's Hospital; Alexandros N. Karavas, MD; Javid Saifi, MD, Chief of Cardiac Surgery; and Christopher Terrien, MD.

Since opening in 1985, St. Peter's Cardiac & Vascular Center has been recognized for excellence by health and heart care organizations across the country.

Achieving excellent results requires the specialized skills of an experienced team.

**Experience. Expertise. Exceptional heart care.**

### **New Patients Welcome**

## 244 ONTARIO ST. Cohoes Medical Offices

**Contact Info** Call: (518) 669-4949

**Email:** [pardhas@hotmail.com](mailto:pardhas@hotmail.com)

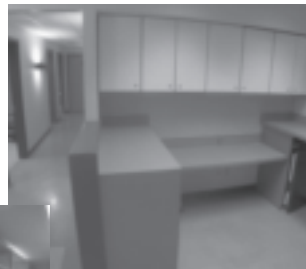

*Come and be part of a dynamic medical offices building. This suite is priced well below any comparable space in the capital region. Conveniently located in Cohoes at the end of I-787 10 minutes from Clifton Park, 5 minutes from Troy, 15 minutes from Latham, and only a 20 minute drive from Albany. Already in this building we have a lab, and a general practitioner. This space shares a large waiting room, office, and kitchen and includes all utility costs.... Call soon before it is gone!*

Reference and Contact

Dr. Arbind Kumar

Dr. Venkat Voleti

Dr. Vijay Adi

### Suite features

- 3 exam rooms
- large waiting room (rarely used)
- 2 nurse station
- private unisex bathroom
- large office space
- large medical records storage room
- lab & imaging on site
- public men's & women's room
- wash room

# CHIEF GUEST:

## **Dr. Gennaro A. Daniels, MD**

Dr. Daniels is a practicing physician at Capital District Colon & Rectal Surgery Association, P.C., in Albany. He is chief of surgery and treasurer of the staff at Albany Memorial Hospital. He was named chairman of the CDPHP Board of Directors in May 2012. He joined the CDPHP Board in 2002 and was named vice Chairman in 2008.
